Council Disputes Arena Summer Power Formula

There were two members of town council absent for Monday's regular committee of the whole meeting, councillors John de Bruijn and Rod Thronsdon. However, the remaining five members voted unanimously in favor of a two-pronged

recommendation made by Cs. John Bakker. The first part urged council to protest to the Public Utilities Board, Calgary Power's rate structure regarding demand meter costs as applies to the St. Albert Arena while the second part of the re-

commendation dealt with a study towards securing an alternate source of power.

This recommendation came forth following council discussion with two representatives of Calgary Power Limited, J. Sloane and Clarence Elliott. The two Calgary Power officials appeared before council when it was discovered in recent weeks that the St. Albert Arena was being charged \$280 per month in demand meter rates despite the fact that the arena ice plant is not in use during summer months.

"It's highway robbery," Mayor Gibbon told Mr. Sloane, "to charge us \$280 per month while our arena ice plant is standing idle. Please tell me how come you charge the Curling Club a summer rate of \$3 per

St. Albert Welcomes Handicapped Visitors

During the August 4th weekend a group of French-speaking citizens from the Province of Quebec took up quarters in the Star of the North Retreat House here in St. Albert while visiting Western Canada for the first time. The contingent, all of whom are handicapped, belong to the Paralympic Sports Association and are the first group of Canadian handicapped to take advantage of the exchange program, sponsored by the Secretary of State Department. The trip west was organized by the Montreal Federation of Leisure for Handicapped in Quebec and that federation selected Alberta as the favorite area in which to initiate the exchange.

Using the Retreat House in St. Albert as the focal point of operation, the 21 French-speaking handicapped ambassadors visited their PSA counterparts in Edmonton, spent two days in the Rocky Mountain resort beauty spots of Jasper and Banff before returning home August 11.

Local Legion Honors Canadians

When Mr. John Peeters of 53 Garden Cresc. left for Holland early in July, he agreed most willingly to lay a wreath on the grave of a Canadian soldier killed during the massive military

offensive during September of 1944, as requested by W. D. Taylor, St. Albert Legion president.

On July 10 Mr. Peeters motored to Osterbeek Military Cemetery from his native

city of Arnhem and selected an unmarked Canadian grave on which he laid a beautiful wreath on behalf of Royal Canadian Legion Branch 271, St. Albert. Mr. Peeters said that the grave he selected to lay the wreath bore a Canadian maple leaf below which is inscribed, "Known to God only." Mr. Peeters also reports that there was quite a large gathering of interested citizens present to witness the laying of the wreath, including a reporter and photographer from the Arnhemse Courant.

It had been 23 years since Mr. Peeters had left his native Holland and says that fantastic improvements have been made during that time. He was so impressed that he's making plans to obtain a two-year working visa and move his family to Holland. His wife was born in Radway, Alberta and his five children were all born here and have never visited Holland but all are looking forward to the prospects of making their home in Holland.

During his month-long holiday in Holland Mr. Peeters visited with his brothers and sisters, also many relatives and friends. He reports that everybody he met in Holland had nothing but praise for Canadians and was extended a most cordial welcome wherever he went.

The development proposed by Highfield Development Corporation on a site immediately north of the post office returned to council Monday August 7 with F. J. Cadham of Highfield present for his appointment.

The topic under review came as a result of recommendations from Wayne Gordon, planner with the

Edmonton Regional Planning Board who feels very strongly about the concept of the Highfield development. Mr. Gordon, in his memorandum to council, does not agree with the proposed development of a single storey brick structure on the Perron Street site. He feels that such a prime location ought to be the site of a more imposing development, of more

than one storey and designed to set the tone of future downtown development.

While speaking to his recommendations, Mr. Gordon expressed the opinion that the Highfield proposal was not really what St. Albert really should be considering for such a valuable site in the central core of town. Cs. Hudson disagreed with

Contest Closed

Somebody is going to be awarded the \$100 cash prize soon, offered by Sam Shapiro in the name-the-hotest contest. The contest ended July 31 and presently Mr. Shapiro and his committee are busy selecting the name from amongst the many entries submitted and will make an announcement soon.

In a telephone conversation with Mr. Shapiro Tuesday, he told The Gazette that his committee had received many excellent name suggestions for his new hotel and these are presently all under consideration.

Mr. Shapiro said that as soon as his committee has reached a decision, the \$100 prize will be awarded and announced in The Gazette.

Planner Resists

Mr. Gordon on the basis that a 75 foot lot could hardly be the site on which anyone could build something that would set the tone anywhere. Cs. Hudson also pointed out that a multi-storey structure on that site would introduce a new downtown parking problem and also be contrary to town policy in view of tenant-parking ratios.

Mayor Gibbon asked Mr. Gordon if he would favor reinforced footings for the proposed Highfield project and he replied that that was not the answer. He said that properly stressed footings that would accommodate a two or three storey building would perhaps be a good idea, however, that still would not solve the problem. "My concern," Mr. Gordon said, "is for the long range planning of the downtown area, also for the decisions that will be made now which will affect the tone of the town's centre

core and future planning philosophies a town staff planner will inherit."

Mr. Cadham of Highfield Development Corp. was asked to comment on Mr. Gordon's recommendations. He said that a second storey for the proposed building is not needed by his tenants and furthermore, the land has not been tested, marketable opportunities are

limited and parking problems would be compounded with the addition of storeys to the building. However, Mr. Cadham said his firm would be prepared to stress the foundations to allow for more floors if such were recommended by council.

Mr. Cadham also told council that he had approached the Bank of Montreal as well as the Community League with a view of developing that entire area including the post office "but in our study, we have found that plan premature," Mr. Cadham concluded.

Cs. Thronson made a tabling motion of the Highfield Development proposal in view of the complexity of the development. He suggested that the whole issue be put on the September 16 agenda for review or until the Federal Government indicates its wishes on the destiny of the post office. The tabling motion was withdrawn after a motion by Mayor Ray Gibbon was approved in terms of the original development proposal plus recommendations which will be included in the agreement. The motion was carried 5-1 with Cs. Hudson opposing the terms of "he agreement."

month while the arena is costing us that ridiculous amount?"

Mr. Sloane explained that the curling rink, because of its smaller sized ice plant, came under the energy rate as per Formula One while the arena, (under 75KVA) because of its power hook-up, being over 75 KVA, the price structure in that case came under Formula Two. (A KVA was explained to be a kilovoltampere.)

Cs. Bob Hudson asked how could Calgary Power justify the discrimination in the two instances, namely \$3 per month for the curling rink and \$280 for the arena? Mr. Sloane said that those two facilities fall into entirely different rate structures because of the difference in ice plants and difference in hookups.

"The Public Utilities Board does not permit seasonal rates anywhere in the province for plants such as the arena, because the entire hookup qualifies the arena within the Formula Two structure," Mr. Sloane explained. He continued to point out that another factor which exists with the arena and not with the curling rink is the three-metered accounts at that facility. Mr. Sloane suggested that a single meter ought to be considered for the sake of economy.

Cs. Lukay asked Mr. Sloane if his firm had read the arena's demand meter, Mr. Sloane replied that he had and explained further that the demand meter registers over 75 KVA. How about disconnecting the arena Mayor Gibbon asked? To this, Mr. Sloane replied that it was permissible to disconnect a residence during the summer months then charge a reconnect fee on request . . . but that does not apply to a commercial building unless it's closed, vacated or out of business.

Since the rate differential was explained in relation to the two power rate formulas, Mayor Gibbon asked for the reasoning behind the discriminating structure. At this point, Mr. Sloane gave up the floor and asked Mr. Elliott to step into the breach.

Mr. Elliott attempted to nail a reason down by pointing out that the power company's investment in the case of a residence was per-

haps \$200 while the investment in a 75 KVA hookup was in the thousands of dollars. "Therefore, that is one of the main reasons why a facility such as the arena must be kept on a demand meter," Mr. Elliott said.

"That's exactly where I feel your company is guilty of gross discrimination," Mayor Gibbon said. I fall to see the justice in your rate structure, Mayor Gibbon charged, because to me it only stands to reason that your firm is making an unjust profit with your rate structure as it exists. Mayor Gibbon continued his argument by simply pointing out the fact that according to the structure presently in use a dwelling might draw 3KVA for 12 months while the arena 75 KVA for six months and the other six months falls into the \$280 flat rate.

"Your making money when the arena is operating," said Mayor Gibbon "and still making money when the arena is inoperative." I can readily understand why your firm will disconnect a residence but not a facility such as the arena, the mayor concluded. On that note Cs. John Bakker made his motion which was carried unanimously.

Henry Terrault, president of the St. Albert and District Community League presented a cheque of \$1,000 to the Sturgeon General Hospital, physiotherapy department this week. Seen accepting the cheque on behalf of the hospital is Mrs. Carol Wilcox, head of the physio department. Mrs. Wilcox explained that the money will go towards the purchase of the two pieces of equipment illustrated in the picture. The bottom item is an oven used in the molding of custom-made supports while the top portable instrument is called a Galvanic Faradic Stimulator (used to re-educate paralyzed muscles.)

Albert residents gathered at the Clubhouse in an impromptu get-together and initiated a very enjoyable coffee party. Local French-Canadians acted as interpreters and hosts along with the co-ordinators of the function, Myrtle Leadlay, director of handicapped with the Edmonton parks and recreation department and Renee Laird, St. Albert's recreational director.

After their journey to the mountain resorts, the visiting Easterners were entertained at the Retreat House Friday night, August 10. Besides enjoying a gala party with many new-found friends from the St. Albert region, the visitors particularly enjoyed the barbecue, a square dancing display performed by the Saints and Sinners and songs by Mrs. R. Belanger of Villeneuve.

Twenty Air Cadets from Squadron 533, St. Albert spent two weeks in summer training at Canadian Forces Base Penhold recently. Their names were recorded as follows: LAC R. Mitchell, LAC J. Fabi, AC2 R. Dober, LAC M. Lucas, LAC S. Langman, LAC M. Howard, LAC D. Skovberg, LAC R. Jordan, CPL R. Gervais; LAC D. Puff, LAC R. MacArthur; LAC P. Langford, LAC D. Webster, LAC P. Gervais, LAC R. Simonsmeier, AC1 D. Sutherland, CPL C. Sutherland, LAC S. Maher, LAC M. Noga, LAC B. Harwood-Lynn.

Girls & Boys 13-18 may join Air Cadets

It takes real strength of mind to be an Air Cadet and to win scholarships in such fields as powered gliders, flying (to receive a pilot's license), technical trade scholarships such as communications, for overseas and eastern Canada exchange visits, in bush survival, leadership and physical education, plus summer camps.

In addition to the scholarship programs the local squadron offers qualifications in band, first aid, photography, effective speaking, model aircraft, rocketry, public relations, defensive driving, shooting, administration and parade drill, sports. Aviation subjects include navigation, meteorology, aero engines, airframes, armanship, air regulations, flight communications, plus tours to industrial plants and other points of interest.

Promotion to rank signifies that leadership abilities have been developed. Following are some of the ways

St. Albert cadets spent their vacation months this year: W.O.11 John Humbert - six week glider pilot scholarship, Yorkton, Saskatchewan; Flight Sergeant George Mowle - six week senior leaders course, CFB Cold Lake; Corporal Barry Pritchard - bush survival training scholarship, Canadian Rockies; Sergeant Vincent Torpy - six week communications technical training course, DFB Borden, Manitoba; Corporal Darrel Tooke, Corporal Martin Timmer, Sergeant Guy Tomash, Sergeant Perry Billingsley and Sergeant Melvin Gullberg - three week Air Cadet bush survival course, Camp Wright, west of Athabasca. Twenty air cadets went to summer camp - CFB Penhold - as instructional personnel - Officer Cadet Wayne Bissonnette, Officer Cadet Dale Berry and Air Cadet Stookes employed as glider pilot giving familiarization rides to air cadets at summer camp.

It takes courage and det-

ermination to be an air cadet and stick with it to achieve any of the above objectives, says Commanding Officer Les Gault.

Meetings are held every Thursday night from 7 until 9:30 at the Community Hall in St. Albert. Further information can be had by telephoning the Squadron 533 phone Thursday nights, 459-7277, or from 459-7877. The squadron mailing address is Box 129, St. Albert.

Letters to the editor

In defence of Senior Citizens

The Editor:

In your August 1st issue, story re: P.S.S. Director Resigns, may I comment on some points she brings up in her Swan Song to your reporter.

First, I want to say, that very recently, three of our fine Pioneer members have passed away. Four members have taken up residence in rest homes, others pending. Our group is saddened but not downhearted with their loss.

They belonged to the group which ex-Director had persistently in the past and present referred to as: loosely knitted, weak segment of our society, card and bingo players etc. Anyone picking on the weak and defenseless I say, shame on you.

She bleats about her P.S.S. Board helped the seniors in many ways. So what? She is a paid public servant and it was her duty to help "the weak." She should have sent "them" to our meeting and all problems would be resolved free. No cost to taxpayer! Language, no barrier, we are completed bilingual. As members of the Edmonton Retired and Semi Retired Society we receive monthly newsletters pertaining to all matters of importance for seniors, cost \$1 per year for membership.

Our problem isn't petty paper work but transportation, taking members to and from hospitals, to and from doctors offices, to our meetings, and shopping.

If it wasn't for the community spirits of the Lady Lions Club who are on call everyday of the year when needed, I doubt if the Senior Citizens Club would have survived.

I believe that the time is coming soon when our town will have to provide free courtesy bus service transportation to our elders for inter-town rides only, as is done in other towns and cities.

To implement findings of Charette she says on senior citizen page, quote: "Con-

tact seniors on a one to one basis." Last February our secretary invited her to our meeting, she chose not to come. Rather she chose mainstreeting with merchants, on a one to one basis. Charette screams, "Get involved!" Just try it with her, and see how quickly you will be sidelined. Promptly, she says, "appoint a new director and PSS board" I haven't heard if we have a new town administrator, or does his appointment take a back seat to PSS?

Slowly I hope all our problems will be resolved, and have learned one thing from it all, "To never underestimate the power of the press to unmask and destroy the evil from within."

Thank you for equal time.

Mrs. Lily Szuba.

Singles club now a Society

The St. Albert 'Singles' has been incorporated as of July 20 under the Societies Act of the Province of Alberta. The group was formerly known as the Singles Social Club and was started in January of 1971.

Officers of the new society are Elaine Supple, president, Gloria Stacey, v.p., Marguerite Erickson, treas., and Donna Ball, social convener.

The St. Albert Singles have been involved in several community activities in the past and are planning more and larger projects as their membership continues to grow.

On September 28 they will hold a Fall Festival in the Community Hall for which tickets are presently available.

The group meets regularly on the second Wednesday of each month and all single men and women are welcomed. Interested people may telephone 459-5470 or 459-5410.

Park areas sadly lacking

The Editor:

Although a comparative newcomer to the town of St. Albert, I have had the opportunity to watch it grow and have had close friends here for many years. But, is the average newcomer aware of the parkland areas or rather lack of them in the newly developed areas.

In Braeside for parkland we have two small ravines, which got decimated somewhat by youthful enthusiasm in the spring, plus a small triangle area on the Stur-

geon Road not suitable for games. The only open area was a field adjacent to the dog kennels bordering the Sturgeon River south. Apparently this area has now been rezoned for housing.

Most of our recreational facilities are located near Town Hall. Lions Park is already overcrowded, as this is adjacent to valuable commercial property. I doubt if the park area will expand there.

We have people of all ages living in Braeside, our senior citizens have to be taken by car to enjoy picnic facilities or go for a stroll. Anyone visiting Borden Park of late can notice a lot of elderly people enjoying the facilities there.

Our children have to cross a busy highway to get an open area to have a game of football or baseball. The school areas are a long way to go for younger children.

We casually take for granted the wide open spaces in the West, I have my doubts about St. Albert. On a revisit to the town after an absence of three years, Andre Gates, the previous head of our parks department, was amazed at the lack of planned parkland for the newly developed areas of St. Albert.

Could it be the reason why we have trees planted on the boulevard so quickly, is to ensure a good supply of oxygen to the new concrete jungle areas of St. Albert.

Margaret I. Romaine.

Chester Wright dies in Calgary

Reverend Billy L. Heath conducted funeral services at Willow Park Baptist Church in Calgary on Friday, August 10 for Chester John Wright, who died August 7th at the age of 40 years, the victim of cancer. Interment followed in Mountain View Memorial Gardens, Calgary.

He is survived by his wife Barbara, daughter Laura and son Jack, both at home in Calgary; his mother Mrs. Olive Wright, Calgary; three brothers, Murray, Empress Alberta; Donald of California and Norman, Calgary. He was predeceased by his father in February of this year.

Born and educated in Calgary he was a member of the RCME Reserve and was selected for an Officer's training course in 1951. He was a member of the Calgary Junior Choral Society for five years and also sang with his brothers at Oliver Baptist Church.

For 18 years Mr. Wright was employed with Calgary Power and served seven years as president of the Employees Association. He came to St. Albert in 1970 as manager of the local office of Drayden Insurance and Accounting Ltd. Because of his illness Mr. Wright retired in April and moved to Calgary in June.

He was a member of the Lions Club in St. Albert, the Elks Lodge at Holden and Past President of the Holden Chamber of Commerce.

All Callers Identify Personality

Readers of The Gazette will surely remember the 'Guess Who' picture contest published in the issue of August 1. Citizens who wanted to participate in this contest were to phone August 7 between 9 a.m. and 5 p.m.

On August 7 at precisely 9:01 Mrs. Cockwill of 11 Grandora Crescent phoned The Gazette and thus won the \$2 prize. While The Gazette staffer was on the line with Mrs. Cockwill, a second call came in, this one at 9:02 and had to be put on 'hold'. Once the first caller (Mrs. Cockwill) had identified the picture and details were recorded, the second caller was taken off 'hold' and identified himself as Ricky Bate of 99A Grosvenor Blvd. Although Ricky identified the 'guess who' picture as that of The Gazette staffer Robert Coles, he was recorded in second

position and therefore awarded only an honorable mention.

The Gazette wishes to thank all those readers who called, and everyone did properly identify the mystery figure as that of The Gazette's popular composing room manager.

For those who don't know Mr. Coles, please don't believe it for a minute that

he really looks like a stand in for Alfred Hitchcock, complete with protruding stomach and all. That photo was taken in jest while Mr. Coles struck that funny pose

"I hear you paid \$500 to have your family tree looked up."

"Not exactly. You see, it cost \$10 to have it looked up, but I had to pay another \$490 to have it hushed up!"

Sailfish team prepares for Championships

The St. Albert Sailfish Swim Club members are now being trained into peak condition for the North-Central Regional Championships which are being held this weekend. The long distance events are to be held in the St. Albert Grosvenor Park Pool from 7 a.m. until 10 a.m. on Saturday and the main championships will be swum in the Bonnie Doone Pool Edmonton from 2 p.m. until 11 p.m. with the finals on Sunday, 7 a.m. until 2

p.m.

Competing in North Central are the Hinton, Edson, Redwater, Leduc, Devon, Ft. Saskatchewan, Drayton Valley, Lloydminster, Vegreville and St. Albert teams.

From these championships the first two in each event will qualify for the Provincial Championships, which, this year, are being held at the University Pool in Edmonton on Saturday, August 25.

Although the club has suffered

some setbacks this year it will enter the championships with high hopes having won the North Central meet for the past four years and the Provincial Championship in 1970 and 1971. However, competition is getting fiercer, and clubs such as Edson, Hinton, Lloydminster and Leduc will be very hard to beat in our own region whilst in the Provincial finals we will also be up against Calgary, Medicine Hat and Camrose.

It is an indisputable fact that the swimmers in this Province are becoming a major force in Canadian sport as was proved in the recent Canada Games where practically all the Alberta medals were gained by its swimmers, said John Grave president of the Sailfish Club if only we had an indoor pool in this town of ours perhaps we would be providing some of these National Stars."

an early 3-0 lead only to have Playboys score four in the fourth and one in the fifth. Paul Holowaychuk took the loss.

In the second game Vic Boychuk's three win homer in the fourth inning gave Stony an easy 7-2 win. Jim Millar went all the way for the win while Dick Bird was charged with the loss. Larry Cote had a homerun for Michaels.

Michaels Catering were last years champions of the Sturgeon League.

Spruce Grove Panthers and Stony Plain Playboys will meet in the finals for the Sturgeon Men's Fastball League Cup.

Panthers scored a pair of close wins over Calahoo Chiefs, winning 7-5 in the first and 6-5 in the second of the best of three series.

Lorne Campbell was the slugging star of the 7-5 win with a pair of three run homers. Arvin Singer was the winning pitcher while Vaughn Hutchison took the loss.

In the second game Panthers took a 5-0 second inning lead before Chiefs got on the scoreboard with two in the second. Call Refshauge two run homer and a solo by Larry Mitchell in the fifth tied the game. Panthers Herman Tietz drove in the winner in the sixth. Arvin Singer was the winner again with Hutchison taking the loss.

The other semi-final series was a big upset as pennant winning Michaels Catering lost two straight to third place Stony Plain Playboys.

Gerald McGinn pitched a three hitter in the opening 5-3 win while striking out eight batters, Michaels took

Vimy captures pennant in NCA baseball division

In the last series of league games played last week, the spirited club from Vimy edged Alexander 11-10 to capture the Southern Division Pennant. That victory was typical of Vimy's uneasy ability to come from behind and win key games. Alexander led the ball game 10-8 going into the last inning, however Vimy managed three hits in the last inning to score three runs and win the game. Vimy will now advance to the league championship series to be played in Burnhead on Sunday, August 26.

In other action last week, Morinville breezed to an 8-1 victory over Bon Accord to slide into a second place tie with that club. Bon Accord will, however, have home game advantage when they meet Morinville in a best of three semi-final series to decide which club shall join Vimy in the league championship series.

The first game in the semi-final series is scheduled for Bon Accord on Monday, August 13 at 7 p.m. The second game goes in Morinville today, while the third game if necessary, will be played August 21 in Bon Accord. Rochester scored a 5-1 victory over Namao in the only other game played last week.

The final standings for

the NCA Baseball League South Division are as follows:

	W	L	T	P
Vimy	11	2	0	22
Morinville	8	5	0	16
Bon Accord	8	6	0	16
Legal	5	7	1	11
Rochester	5	7	1	11
Alexander	4	8	1	9
Namao	4	9	1	9
Redwater	2	11	0	4

*Alexander lost two points for failing to register a win according to league regulations.

**Redwater lost four points for failing to register wins according to league regulations.

This is the week when the two puppets, Binley and Doinkle are visiting our playgrounds. In spite of notices posted at the pool, articles are still being lost or mislaid. As stated: The Town is not responsible for articles left or lost at the pool. PLEASE leave all valuables at home. They can be left at the desk with a member of the staff; it is much wiser not to take them to the pool at all. The last session of lessons for the 1973 season is now in progress and the present schedule will continue to be in operation till Aug. 26. When school starts there will, of course, be changes and these will be published later.

Derrick 1 team in the semi final playoffs.

Touring Irish Team Given Warm Welcome

An ardent member of the Northern Alberta Field Hockey Team, Mrs. Willie Sletting of 38 Grandin Rd. had an excellent idea when the Irish Field Hockey Team arrived in Edmonton last week on an extensive tour of Western Canada. She invited the touring Irish team, made up of 28 young ladies from Northern Ireland and the whole event turned out into a model of typical western hospitality in action.

The touring Irish field hockey contingent is made up of representatives from Stranmillis Teacher's Training College and Physical Education at Jordanstown also representatives from the Regus Field Hockey Team, all of Northern Ireland. The 28-member delegation, presently touring Western Canada gladly accepted the invitation to St. Albert, participate in an exhibition game and a lot of local socializing.

The round of events in St. Albert started Thursday afternoon August 9 when the Irish sportswomen congregated at the home of Mrs. Sletting where they were welcomed by local sports enthusiasts and Irish expatriots. Thursday, August 9, being a beautiful hot summer day, the visitors were treated to an overabundance of Alberta sunshine, a tour of the local museum then a coffee party held in the Clubhouse. There, the Irish ambassadors got acquainted with more expatriots and enjoyed a warm informal party until about 5 p.m. when the swimming pool became the centre of attraction.

Refreshed and ready to meet their opponents on the field hockey grounds at Leo Nickerson School, the Irish team took the victory over the Northern Alberta team

by a score of 3-1.

Through the kind co-operation of both St. Albert Lions Clubs and co-ordinating expertise of St. Albert's Recreation Director Renee Laird, the visiting Irish Field Hockey Teamsters were entertained at a wicker roast held in the Dr. and Mrs. W. Cuts' garden. To complete the very busy day and evening program, Const. Terrence Patrick O'Reilly of the local RCMP detachment joined the party, att-

ired in his full dress uniform and gave the visiting Irish ladies an opportunity to have their pictures taken with the 'Centennial Mount.'

The whole event was termed very successful and it is the feeling of everyone who participated that the touring group of Irish Field Hockey players will be returning to their homeland with nothing but excellent memories of St. Albert.

Bon Accord Captures Provincial Trophy

Bon Accord and district witnessed a mass exodus over the weekend of August 5 when over 90 ardent football fans travelled to Lethbridge to cheer the Bon Accord midget girls on to a provincial championship over Lethbridge and Red Deer Lake. The girls played a magnificent brand of ball dealing the team from Lethbridge their first defeat of the season by a score of 36-3. The win over Red Deer Lake was 37-2. Congratulations from all, to the team and to coach Gall Critchley, who has piloted the girls for the last four years. The current series of rotating rail strikes has rather curtailed the activities of the Albert train spotters. However two items of interest have been noted. Firstly, just before the strike, the ballast on the embankment at Lions Park was completed with a top layer of finer ballast laid over the coarse ballast holding the ties in place. A work car very similar to a snow plough with large blades extending on each side, graded the ballast to the correct level.

Secondly, a bright yellow rail liner has been seen twice. This was a real treat for the train spotters of St. Albert and a curiosity for many residents. The rail liner is a track testing car, built, operated and maintained by Sperry Limited. The car tests the track whilst on the move using an ultra high frequency system that detects track and ballast faults.

The Sperry rail service operates throughout the North American continent except for the Santa Fe Rail Road which prefers to use its own method of detecting faults. This rail road uses a magnetic flux system.

Train spotters have noticed a considerable number of young people ranging from about 10 - 18 years old throwing rocks and other missiles at moving trains and touching the cars as they move past at railway crossings. All cars and engines have projections which can very easily catch hands and

clothes and drag the unsuspecting person under the wheels.

Rocks thrown at moving trains invariably return to the thrower at the speed of the train, which is anything up to 35 miles per hour. This is roughly 52

feet per second. This speed for a rock of a size easily thrown, could be lethal to the thrower not to mention the very distinct possibility of hitting a member of the train crew, with even more dramatic results.

President of the St. Albert and District Community League, Henry Terrault (left) is shown presenting John Grave, president of the St. Albert Salfish Swimming Club, a cheque of \$250. At right is Mrs. Anne Kampen, vice-president of the League. While accepting the cheque Mr. Grave said that the financial assistance was greatly appreciated and will go a long way towards helping the Salfish Club in its undertakings.

Pilgrimage to Grotto enjoys fine Sunday

Sunday was a beautiful sunny day for the gathering of the faithful at the Grotto in St. Albert on the annual pilgrimage in honor of Our Lady of Lourdes. The event is held annually on the Sunday closest to the Feast of the Assumption of Our Lady, this year August 15th.

Rev. Father Maurice Lafrance, former parish priest who is now at College St. Jean in Edmonton was the main guest speaker at the outdoor, morning mass and at the afternoon holy hour. His message was a joyful one in which he saw Mary, the Mother of Christ, as a source of hope to mankind in 1973, enabling people to read events affecting their lives in the light of Christ's resurrection. Father Colin LeVangie directed the music with Bratrice Willis at the organ.

The history of the Grotto,

just north of the Father Lacombe Museum, goes back to 1920, when Father Alphonse Le Marchand, OMI was parish priest in St. Albert.

With the help of a group of Oblate students from the Scholastic Seminary in Edmonton, work was undertaken on the large stone structure in replica of the shrine in Lourdes, France, where the importance and influence of Mary is emphasized.

Scouring the country for stones, they came upon many along the Sturgeon River, which they transported by canoe and then by hand, numbering in the hundreds. Farmers in the surrounding areas brought stones as an offering when they came to attend mass. Working with what they had they started building the Grotto which was to measure 35 ft. long and 12 ft. high.

The Oblate Brothers asked donations of their families, and received enough to enable them to purchase a few sacks of lime and cement, which they poured on the precious stones to hold them fast. Their parents donated the Statues of Our Lady and Sainte Bernadette. At first it was finished, measuring 35 feet long and 12 feet high.

A first public assembly and prayers was attempted in 1932, marking this as a pilgrimage. The parish priest at that time was Pierre Cazonet, OMI. In 1938 Father Bidault organized the first annual pilgrimage with surrounding parishes joining in the public act of religious devotion to Mary and Saint Bernadette.

This first shrine crumbled, slowly at first, and assuredly as the years went by, but it served a need and desire to give homage to Her and also to ask Her help and assurance.

Therefore, another Grotto was built in 1955, making use of the original stones gathered 35 years before. All the stones were set in a reinforced concrete shell. Father Emile Tardif, OMI, planned and supervised the construction. Mr. Maurice Vaugouls of 17 Madonna Dr. was the contractor, while the mason was Hormidas

St. Pierre, who travelled daily from Beaumont. He is now retired and living in the residence for senior citizens in Legal. The dimensions are 70 ft. by 35 ft. The entire work took a month and a half, thanks to the people who came forward - workers, volunteers and contributors.

Chief organizer this year

was Clarence Sadler, who along with the chairman of the Parish Council, Ed Gau, employed the services of the Knights of Columbus Fourth Degree Honor Guard, lay commentators, organists, choir conductor, Knights of the Altar. The Catholic Women's League offered hospitality in the form of lunch and refreshments.

Father Gerard Tetreault blesses one of the sick who took part in the 35th annual pilgrimage to the Grotto in St. Albert. Wayne Benson is seen at his right. Fourth degree Grand Knights seen in the background are George Lee, left, Maurice Vaugouls, Ed Savole and Alan Blair. The blessings were received in front of the Grotto as part of the pilgrimage devotions on Sunday.

Dog fanciers in St. Albert and district will be pleased to note that a kennel club is about to be formed. The initiators of the idea, Jack and Sandra Post made the announcement this week that an organizational meeting will be held next Monday, August 20. Therefore, local and district citizens interested in helping form a kennel club in St. Albert are invited to phone either Jack or Sandra at 459-7387 between 6 and 9 p.m. Interested persons will be informed of the details of the proposed club, prospective affiliations and projected events in which the new club plans to participate. The meeting place will be determined by the number of interested callers.

With senior citizens arriving back from holiday trips around the world, it is time for getting together again at St. Albert Community Hall and the next meeting will be August 23 at 1:30 p.m. Mrs. Akins and Mrs. Walsh were in England, Mrs. Sernowski went to southern California, Mrs. Telfor to New Brunswick, Mrs. Skrobot to Poland, Mrs. Smith and Mr. and Mrs. John Padowski were out on Vancouver Island. Meanwhile the stay at homes enjoyed a jaunt to Elk Island Park, through the help of the Lions. There will be cards, coffee and door prizes and new members are always given the warmest of welcomes by the Senior Citizens.

Around Town

Nell and Sadie Ross arrived back in town from a most enjoyable trip to the United Kingdom, Norway, Sweden and Denmark, got themselves re-organized, and are away again tomorrow to pick up their granddaughter in Ottawa for a trip to Disney World in Florida, which grandpa promised some time ago.

The St. Albert Salifish Swim Club, being a non-profit making organization, sometimes finds it difficult to meet its budget, and President John Grave said they were most grateful for the thoughtfulness of the Community League in making a

donation of \$250. John said the club numbers some 85 swimmers this year and through generous backing by the town, is able to give all these competitive swimmers expert coaching, plus the chance to compete in various centres throughout the province. The help of secretary, Mrs. Medlund and many volunteers is tremendous, and Mr. Grave said about 50 volunteer officials will be on duty for Saturday's events in St. Albert in the North Central championships.

A Mrs. Belcourt, who has not missed one Pilgrimage honoring Our Lady of Lour-

des at the Grotto in St. Albert for 20 years, reported Sunday that not once in that time has there been a rainy day for the event. Father Colin LeVangie recalled that some seven years ago, he and Father LaFrance, both new to St. Albert, had just decided late Saturday that they would have to move the services indoors, when the telephone rang. The caller told him not to worry, the sun would shine and they went ahead outdoors. "However, just as we were finishing the rain commenced, and we really had to scramble to get everything under cover, because it just poured buckets afterwards," said Collin.

Father Jake Joly is with

a party of 16 vacationers visiting the Okanagan and Banff-Jasper route via 10-speed bikes. Hopefully our extremely athletic priest won't get his machine going at a rate which could be confused with a motorcycle, as we learned this week that certain motorcycle gangs were escorted out of the Penitence area by squads of policemen.

The marble tournament was in full swing. One little boy missed an easy shot and let slip a string of cuss words.

"Edward" called his mother from the spectators' bench. "What do little boys who swear when they are playing marbles, turn into?" "Golfers," was the reply.

Local 4H Members Win Major Awards

One hundred and fifty-six 4H club members selected throughout the province gathered at the Olds Agricultural and Vocational College on July 29 - August 1 for the 1973 Provincial 4H Selections. The members took part in a two-day testing

program whereby 44 of them were selected to represent the Alberta 4H movement in a variety of out-of-province travel programs. In addition to the major awards, there were also some members selected for minor awards.

The members selected are to be representatives of the 4H movement and also ambassadors of the province at different 4H conferences and exchange trips in Canada and the United States. The award winners were announced at a banquet on July 31. The guest speaker for the evening was the Honorable Dr. Allan A. Warrack, Minister, Department of Lands and Forests. Also attending were a large number of sponsor representatives which have assisted in developing and promoting the 4H movement in our province.

Above left is Major Flewelling and Major Connick, right, signing the certificates of change of command.

Building Boom

Jim Roberts, St. Albert's building inspector revealed in his July report that building permit value to the end of July amounted to \$11,018,256.00 compared with \$7,760,120.00 for the same period last year. This eloquently shows an increase of \$3,258,136 during the corresponding seven months of 1973 with last year.

A comparative report in total building permits was also very revealing in that during the first seven months of this year 761 permits have been issued while last year, during the same period, 540 permits were issued. Of those permits, 571 are for single family dwellings this year while last year 446 of the 540 permits were for single family dwellings. This comparison clearly shows a net increase in residential construction of 225 homes in 1973 over 1972.

Comparing the St. Albert inventory of serviced lots this year at the end of July with the same period in 1972, it is noted that there were 397 serviced lots in 1972 while today there are only 263 serviced lots available.

The total building action during July totalled \$1,695,622 and this was for 52 single family dwellings, 19 garages, one swimming pool and four condominiums. Also included in that total of July building permits are three commercials, two institutional and two improvement permits.

The commercial permits were issued for the construction of a Credit Union Building, a car wash and gas station (Pacific 66) while the institutional permits are for the construction of another two-million gallon water reservoir for the town and the OMI Residence.

V. J. MALONEY
SUPERINTENDENT OF SCHOOLS

Former M.D. Councillor expresses strong concern on city annexation plan

George Wilson of Horseshill district who formerly served for seven years as a councillor for MD Sturgeon, and three of those years as a representative on the Edmonton Regional Planning Commission, has advised the Hon. Dave Russell, minister of Municipal Affairs, that he is "extremely concerned about what could happen if the City of Edmonton was allowed to extend its boundaries as they are now attempting to do."

In a letter to the minister Mr. Wilson questions whether the city realizes what a great area the proposal would cover, (extending the boundaries for two and later four miles). The city area will be extended from the present 121.4 square miles to 300 square miles at end of phase two of the annexation proposal.

I am sure, said Mr. Wilson, that the land in the outer area of the annexation would become stagnant to its owners until the city was prepared to use it - "fifty years or more" are the mayor's own words. He pointed out that most of this land is owned by older people and it is their hope to realize their future years of retirement.

Mr. Wilson stated that after the 1971 annexation it was the opinion of the city that they would have enough land to expand to four times their size. He also expressed

his hope to the minister that the new Boundaries Commission is "not an end to passing responsibility for such an important decision onto a non-governmental committee."

"There is no doubt that the city is badly administered and planned" said Mr. Wilson, "and it is my personal opinion that the city really wants the Strathcona industrial revenue - not all the land they are talking

about."

He felt the Alberta Bill of Rights should apply if the city is allowed any land, so that there would be no confiscation without remuneration.

Mr. Wilson concluded his submission by saying that "This matter will receive strong opposition from land owners as well as the local governments concerned, and will be fought to a bitter end."

Regional Study Concept Poised For Expansion

A resolution evolved from the regional study meeting held here July 31 with representatives from the counties of Strathcona and Parkland, the Municipal District of Sturgeon plus the towns of Fort Saskatchewan and St. Albert.

Representatives from all five centres agreed that the minutes of the July 31 meeting be circulated to other regional municipalities such as Leduc, Spruce Grove, Devon, Morinville and so on.

Purpose of the resolution is to invite a larger segment of the region into subscribing to the regional study concept.

"We agreed," said Mayor Ray Gibbon, "to circulate the minutes of our initial

meeting and thus attempt to invite those other neighboring municipalities to participate in a regional study, which we hope will lead the way towards uniting the entire region surrounding Edmonton against annexation."

Mayor Gibbon admitted that a subsequent regional study meeting is envisioned, including more than the five municipalities who met here last week, but declined to predict when such a meeting might be held.

Mother: "Stop pulling that cat's tail."

Farm Boy: "I'm not pulling his tail, I'm only standing on it. He's the one that's doing the pulling."

Minister replies to Dent on annexation proposal

The Hon. D. J. Russell, minister of municipal affairs, has advised Mayor Dent by letter August 7 on points of "major concern" after studying the submission by Edmonton called "The Future of This City." The proposal, requesting a mammoth two-stage annexation of land, has touched off a wave of outrage in neighboring communities and municipalities.

The minister said he was unable to find reference to the author and asked the mayor who wrote the submission. "In my opinion," said Mr. Russell, "some of the statements contained in it are quite argumentative and could lead to conclusions based on opinion, rather than fact. Statements of this nature appear throughout the

document." He also said it would be essential to ascertain the views of St. Albert, Sherwood Park and other municipalities involved to see if they in fact wish to become part of Edmonton.

Mr. Russell also told Mayor Dent that the recommendation contained in the report appears to be "Far removed from the direction of the last discussion held on city boundaries." To refresh his memory the minister enclosed copies of correspondence between himself and the mayor following the March discussions.

The minister's letter summarized the main points arising from that meeting:

1) It is possible that perhaps the outer ring road might be considered as the Edmonton city boundary ra-

ther than the Hanson line.

2) If such were to be the case, the City would require from the Province a statement and the necessary legislation guaranteeing protective zoning for the existing rural and developing urban areas surrounding and adjacent to the proposed ring road location.

3) If the City and the Province were able to reach agreement on the foregoing, then the City would be able to proceed through the Local Authorities Board with smaller annexations which in total would be limited to within the ring road location.

Specifically, the initial smaller annexations could deal with the City's rather pressing problems regarding warehouse servicing and industrial land.

In reply Mayor Dent stated he was "most satisfied" with the meeting and that the City was continuing to look at the situation carefully.

Drama Festival receives Provincial grant

Mr. Elmer Gish, superintendent of School District #6 reports he was "most pleased" to receive recently a cheque for \$250 from the Department of Culture, Youth and Recreation. Mr. Gish is serving his second term as secretary-treasurer of the Zone 2 East Drama Festival Association which includes St. Albert. The provincial grant is in support of the Zone Drama Festival

held this spring in Athabasca.

There are 12 drama festival zones in Alberta and the program has been operating for 13 years. Zone 2 includes 13 school jurisdictions in north-east Alberta. Each zone has its own autonomous executive and Charles Parker, a drama teacher in Athabasca is presently the chairman for this

zone. Each school board or division in the zone is asked to contribute up to \$75 annually to the Festival, but not all participate.

Each zone association pays the costs of an auditorium, trophies and travel costs for executives and adjudicators to the zone festival plus a fee to the Alberta High School Drama Association each year. This fee supports an annual Drama Seminar in Banff. Adjudication is provided by the Department of Culture, Youth and Recreation.

In addition every effort is made to provide scholarships to assist students or teachers from each zone in attending the Provincial Drama Seminars held each year in August, usually in Banff. Forty dollars for a student or \$80 for a teacher pays tuition, room and board for the two week seminar.

Every year a selected entry from each zone goes on to the Final Drama Festival. The plays then become sub-

ject material for the seminar which follows, and notable instructors are provided, making an excellent training program for students and teachers.

Recently Junior High schools have also had an opportunity to participate in the festivals, originally planned for high schools only. Paul Kane High and Simpson Junior High both entered the festival in Athabasca in April.

Ken J. Graham, drama supervisor with the Cultural Development Branch, and a St. Albert resident, lists five major objectives of the drama festivals: To stimulate interest and develop skills in the art of theatre; to encourage new talent in school drama groups throughout the province; to provide a learning situation for newcomers to school drama; to give an opportunity for teachers and students to see one another's productions and have professional adjudication of

their work, and where possible to provide a showcase for Alberta playwrights.

In making the grant available to Zone 2, the Minister of Education offered his heartiest congratulations for a job well done on this year's festival.

For the nominal amount of money per school district it would appear that the Zone Drama Festival pro-

gram and the summer seminar give superb value for the funds invested. It would be a fine thing to see this program expanded and probably school boards will invest somewhat more in the festivals as more teachers and students become involved in drama. It is a satisfying and creative outlet for young people facing increased leisure.

Former Deputy Minister Now Heads Land Forum

Dr. V. A. Wood, former deputy minister of Lands and Forests was appointed chairman of the Alberta Land Use Forum. In making the announcement this week, acting minister of agriculture, Dr. Allan Warrack also announced the appointment of two members who will serve on the Land Use Forum, Ralph Brown of Acme and Jack Davis of Calgary.

Initially, the Land Use Forum will gather information and review legislation now in use dealing with urban land development and planning matters.

Terms of reference for the Forum as approved by the Alberta Legislature March 15 of this year include the following nine points: The family farm; multi-use of agricultural land; the use of agricultural land for recreational purposes; land use in and adjacent to urban areas as it affects the cost of housing; future land needs of Alberta agriculture; corporate farms, foreign ownership of

land, absentee ownership and communal farming; the common ownership land, agriculture processing and marketing facilities; land use as it influences population distribution in Alberta and the extent, if any, to which the historical right of a land owner to determine the use and disposition of agricultural property ought to be restricted.

Once the information has been obtained and brought together the Forum will invite public participation which will include public hearings beginning next Fall. The Alberta Land Use Forum will report to the government through a Committee of Cabinet, chaired by the deputy premier and minister of agriculture, Dr. Hugh Hornor. Cabinet committee members will include Dr. Allan Warrack, minister of lands and forests, Dave Russell, minister of municipal affairs and W. J. Yurko, minister of the environment.

"Sitting Bull" and the Sioux invasion

The years 1876 and 1877 were trying times in the history of the North West Mounted Police, because of the problems brought about by the sudden immigration of American Sioux fugitives into the Northwest Territories. Coming to Canada with American troops hot on their trail, most of them took refuge in the Red River district of Manitoba. At length there were over 700 lodges, or about 6,000 people who had crossed the border. Except for minor collisions with the Salteaux Indians of Red Lake, the Sioux behaved very well. They settled down on their chosen plots, engaged in farming, trapping, hunting, and making themselves amenable to the authorities. In 1874, a truce was declared between the Sioux and the Salteaux. The governments then allotted the Sioux of Red River (as well as those of the Turtle Mountains) some reserves. The Sioux were clearly informed that this was an act of grace, and that they had no claim on the Queen's government.

The Custer Massacre in the summer of 1876 complicated the situation. As a matter of history, Custer and his troops were decimated, and Sitting Bull and his tribe fled to refuge in Canada. In May of 1877, they crossed the border. Other large bands of Sioux, fearing reprisal from the angered American government, crossed the border soon after. The immediate question which faced the Police was how this large influx of Sioux would affect the peace-keeping resident Indians. But, because of the kind treatment afforded them by the Canadian government, the Blackfeet and other tribes refused Sitting Bull's promises of mules, horses and other loot taken in battle with the "white" men of Canada.

Sitting Bull, incensed with this lack of co-operation, nevertheless crossed the border, intending to exterminate the whites, and then to attack the other Indian tribes. These other tribes were assured by the NWMP that they would be supported in case of attack.

Sitting Bull, however, did not attack for lack of allies. He set up his camp near Fort Walsh and awaited developments. The NWMP, with Assistant-Commissioner Irvine foremost, began negotiations to induce the renegades to return to the States and surrender to the authorities. At these interviews the Bill was confronted with American delegates, whose advances he repelled. The Bill also made known his grievances. The Bill claimed the protection of the "White Mother" (The Queen) upon whose mercy he and his tribes threw themselves. Colonel Irvine assured him that the "White Mother" would protect the Sioux while they remained in Canada so long as they behaved themselves, but he also added that the government did not

intend to grant them permanent residence.

A conference was arranged between the Bill and the American Commissioners, McNeill and Terry, at Fort Walsh. It was doubtful for a while that Sitting Bull would appear, partly due to his distrust of the Americans, and also due to the fact that many Sioux who had escaped from the Americans were in bad shape from beatings. However, Inspector Walsh reassured them of their safety with the NWMP, and the Sioux proceeded to the fort.

Terry suggested that the band should go back to their reservation and yield up their horses and arms in return for a supply of cattle. The Bill, not trusting them, refused the offer.

For the next four years, the NWMP had their hands full with looking after their Sioux charges. The Police needed to prevent war between the Sioux and the other Indians. Meanwhile, the Bill turned a deaf ear to any overtures presented by the Americans. The Police spared no pains in trying to alter his decision. The buffalo population was diminishing at an alarming rate because of the great numbers of Indians, and it was absolutely imperative that the Sioux be sent over the border as quickly as possible, before full-scale famine set in.

The burden was large upon the Police. Once at Wood Mountain, the Police found

six Salteaux Indians dead and scalped near their post. Another Salteaux, who had witnessed the murder confirmed the belief that the killers were Sioux. Sergeant McDonald immediately went to the Sioux camp, explained the law to them, and proceeded to arrest the murderers, try them for their crimes, and finally hung them. This made a large impression on Sitting Bull.

Throughout the year 1880, Superintendent Crozier of the NWMP confined his attention to the minor chiefs of the band, dwelling on the possibilities of starvation and other hardships to come in the near future. Through this he weakened the Bill's influence in the council. Some of these chiefs even deserted the Bill and headed for the States. This defection was what finally changed Sitting Bull's mind. In July of 1881, the formal surrender was made at Fort Buford, U.S.A.

This incident in North West Mounted Police history shows us the importance of the force while Canada was still in the developing stage. Through the courageous and thoughtful work of the men of Fort Walsh, an international crisis was resolved.

If you like cheese with your apple pie, you'll really enjoy this. Plump, juicy apples are baked in a cheese-flavoured crust so the flavour is built right in.

The mild, nutty flavour of Holland imported Edam is ideal with cooked or fresh fruit. If you haven't time to prepare dessert, try serving an imported Baby Edam at room temperature with a platter of fresh fruit such as grapes, apples, pears or plums.

Dough:

The only dance program offered by an academic institution in Western Canada will begin this fall in Edmonton.

Grant MacEwan Community College has appointed two prominent dance instructors to conduct the program which begins September 5 at the College's new Jasper Place campus.

Prospective students will be required to audition August 22 at 7:30 p.m. at the Assumption Campus of Grant MacEwan Community College, 97 Street and 107 Avenue.

Dr. George Naylor, chairman of Performing Arts at the College, today announced the appointment of Barbara Cook, ARAD and Charlene Tarver who will offer instruction in both contemporary dance and ballet.

Miss Cook, who has studied with Boris Volkoff, Betty Davis, Winifred Edwards, and Louise Browne, has been a member of the Volkoff Canadian Ballet and the Janet Baldwin Company.

She has served as head of the dance division of the Summer School of Arts at Elliot Lake, Ontario, and as assistant ballet mistress

with the Alberta Ballet Company.

A former director of ballet with the Muriel Taylor School of Dancing in Edmonton, she has been appointed a Canadian Children's Examiner by the Royal Academy of Dancing.

Miss Cook has spent the past two years studying in the United States and Europe.

Prior to accepting the position with Grant MacEwan Community College she was studying Laban's method, as applied to ballet, at Goldsmith College in London, England.

Mrs. Tarver has been called "the foremost organizer and promoter of the Laban's method for contemporary dance in North America."

She has conducted classes at many colleges and universities in the United States including the master class at Newark State College in Union, New Jersey. She has also served on the faculty of the Hanya Holm School in New York.

A co-director and founder of the Alberta Contemporary Dance Theatre, she has conducted classes at the University of Alberta and the Provincial Drama School. Mrs. Tarver choreographed the off-Broadway production of Witch's Sabbath and has made extensive film and concert appearances in the United States. She has also directed and choreographed several films for MEETA.

In announcing the appointments, Dr. Naylor said the College was offering the two-year diploma program and a preparatory program for inexperienced dancers

in response to "an incredible growth of interest in dance in Canada."

"There are now 11 contemporary dance companies and five ballet companies in Canada. They are sprouting up like mushrooms," he said.

"Despite many opportunities in the field, the only other academic institution in Canada which has a school of dance is York University in Toronto."

Dr. Naylor said the program offered by the College is designed both to prepare students for careers as dancers and teachers and to help those interested in dance only as a vocation.

The college will offer both a two year program and a preparatory course for students who do not quite meet the standards for admission to the diploma program.

Instruction in all courses will be given using the comprehensive Laban's method which Dr. Naylor says "ties together all facets of physical movement in an expressive art form." Enrollment will be limited to 25 students per class.

No set routines is required for the auditions which will consist of a combination of contemporary and classical dance idioms. Students will be expected to show some evidence of past training or an ability to move.

Those interested in auditioning for the program should phone 425-8810 for bookings or write the Admissions Office of Grant MacEwan Community College, Box 1796, Edmonton.

Youville Home Citizens Enjoy Annual Picnic

On August 2, 41 patients of the Youville Home enjoyed a picnic at the beautiful Grey Nun's Campsite at Lac Ste. Anne.

Two buses - one driven by Mr. Ed Savole, the other by Mr. Vic Small - took the patients on this very pleasant, relaxing outing.

The weather was perfect, the picnic lunch delicious and everyone had a grand time. Mrs. Flo Hartmetz added by Mrs. Irene Cherkas had the majority of the

patients participating in a variety of games, and prizes were awarded to the winners. Lots of laughter, especially since Ed Savole added his antics to liven up the gathering! A sing song brought the afternoon to a happy conclusion.

The Ladies of the Youville Auxiliary wish to thank most sincerely the devoted Sisters, the bus drivers and all who helped in any way to make their year's "windup" such a huge success.

Robert Pelletier Couple Wed In Legal RC Church

By Lucienne Montpetit

On July 7, St. Emile's Church was the setting for a beautiful triple ring summer wedding when Bonnie Ann Campbell was united in holy matrimony to Robert Adrien Pelletier. Bonnie Ann is the daughter of Mr. and Mrs. Andy Campbell from Lamont, Robert is the son of Mr. and Mrs. Adrien Pelletier from Legal.

Father R. Bissonnette performed the ceremony before an altar banked with yellow mums and an assortment of various summer flowers.

The scriptures were read by Lucien Larose, Soloists were Rita Larose and Patsy Montpetit, organist was Anita Chauvet.

The bride given away in marriage by her parents was elegant in her floor length gown of marquisette over satin in an empire style, with full sleeves gathered at the wrist with wide cuffs trimmed with daisies. Her long train fell gracefully from the waist and was edged with matching daisies.

Her waist length veil was held by a bridal crown of daisies and pearl drops. Her jewelry was a delicate gold cross and matching earrings gift from her mother. The bride carried a bouquet of white and yellow roses, white daisies and forget-me-nots.

The bride's attendants were Brenda Campbell sister of the bride, Lillian Brissou and Dolores Letourneau. Petite Sandra Campbell was flower girl. The girls looked lovely in their identical yellow tulle gowns featuring white linen collars trimmed with

daisy lace. Their only jewelry was dainty silver earrings gift from the bride. Yellow carnations adorned their hairdo. They carried cascades of yellow and white daisies and forget-me-nots. The flower girl was pretty in her gown of yellow marquisette over satin, trimmed with daisy lace. Her silver locket was a gift from the bride.

Attending the groom were Raymond Pelletier, nephew of the groom, Lucien Larose and Albert St. Martin. Eddie Tanasychuk from Toronto was ringbearer. The groom's attendants were very handsome in their brown tuxedos complimented by yellow frilled shirts and black velvet bow-ties. Their matching cuff links were gifts from the groom.

Ushering the guests were Antonio Pelletier and Glen Mothershead.

Following the ceremony a reception was held for some 250 guests at the Legal Community Hall. Floral arrangements and a beautiful tiered cake graced the banquet table.

Mr. Marcel Bisvert was master of ceremonies and called upon Mr. Arnold Mothershead to say grace in the absence of Father Bissonnette. Mr. Willie Tanasychuk proposed the toast to the bride to which the groom replied with well chosen words. Some 450 friends and relatives gathered in the evening for refreshments and dance.

To receive her guests Mrs. Campbell chose a gown of blue chiffon over taffeta with long sleeves and blue carnations with white velvet petals encourage. Mrs. Pelle-

How come our crawler sales have doubled in the last two years?

When IH introduced their new crawlers, they brought us a bonanza!

Buyers quickly recognized the value of full power shift and torque converters — big tractor features that really pay off in crawlers under 75 hp.

We're now selling more than twice as many crawler loaders and dozers as in 1971.

Why? Simple. We have good machines. And people know a good thing when they see it. So see us. For a lot of good things.

Calahoo Church Scene Of Paquette - Brennis Nuptial

By Liz McLeod

St. Catherine's Roman Catholic Church, Calahoo was nearly filled to capacity with relatives and friends on July 21 at 2 p.m. to witness the union between Denise Marie Paquette, Adair and Melina's daughter - R.R. #1 Calahoo and Brian Leslie Brennis, Leo and Honnorana's son - R.R. #2 Morinville, being joined in bonds of holy matrimony, seated around the altar where two huge beautiful basket arrangements of yellow and white flowers, with two smaller arrangements bea-utified the scene. Large white ribbons with a red rose in centre enhanced the pews.

Father Ralph Bernard was the officiating clergyman and Mr. Walter Vitoor of Calahoo was the organist for this delightfully different ceremony, starting out with the bride's parents escorting the bride down the aisle, followed by the groom escorted by his parents. The attendants followed in couples and all were seated around the altar in pairs. Wayne Brennis and Annette Belanger, in turn read out of the scriptures and later Denise and Brian pledged their vows to each other and after they exchanged rings, Father Bernard blessed them.

The bride was radiantly beautiful in her lace full length hooped skirt gown that formed a train, and her full length veil was held in place with a shimmering princess lace cap. Her only jewelry was a ringlike necklace with matching earrings a gift from the groom and she carried a red rose with streamers.

The bridesmaids, Mrs. Marlene Brennis of Calahoo, Miss Annette Belanger, Villeneuve and Miss Carmel Byer, Morinville, wore identical yellow gowns with white velvet polkadots, short sleeves, empire waistline, a frill around the bottom and trimmed in white lace. Their jewelry, a cameo necklace was a gift from the bride. They wore yellow roses in their hair and carried baskets of yellow roses as a bouquet.

The best men were Mr. Wayne Brennis, groom's brother from Calahoo, Mr. Edmond Paquette, bride's brother from Calahoo and another brother, Mr. Dale Brennis of R.R. #2 Morinville.

Ushering the guests were the bride's cousin, Omer Gratton from R.R. #1 Calahoo and the groom's brother Ray Brennis from R.R. #2 Morinville.

To receive her guests the bride's mother chose a pink gown with white polkadots and a frill around the bottom, accented with white shoes and pink roses formed the corsage.

The groom's mother likewise received the guests wearing a short sleeved pink gown with a long tie at the

back, white shoes and pink roses encorstage.

A beautifully decorated three tier cake in yellow and white centred the head table. The congenial master of ceremonies was Mr. Bud Leske at the reception held

in Riviere Qui Barre and Edmond Paquette proposed the toast to the bride with the groom replying.

Mrs. Jean Belanger and Mr. Bud bouvier each favored the gathering with a song. Good music brought

everyone up onto the dance floor and pleasant visiting with good old friends and neighbors was enjoyed by all.

Out of town guests were Mr. and Mrs. Fred Hansen from Burns Lake, B.C.,

relatives of the brides, also Mr. and Mrs. August Theberge from Legal (uncle and auntie) and grandparents Mr. and Mrs. Joe St. Louis from Pleadville and Mr. Albert Paquette from Edmonton besides relatives

and friends from all surrounding districts.

This happy couple are residing in Green Willow district. Open house for the gift opening was held the next day at the Paquette home in Calahoo.

Report From Parliament Hill

STAN SCHELLENBERGER
MP WETASKIWIN

As most of you probably know by now, Parliament has now recessed. Last Friday, July 27, the House wound up its business and barring a call back, for example, to deal with the strike of the non-operating railway workers, Parliament will not convene until the 15th of October. Since this is the case, I will be able to be reached not only here in Ottawa (through my office secretaries) but also in Spruce Grove at 899-2352.

Since the Session is at an end, it might be interesting to list some of the bills that were passed since you received the last newsletter. These include: The Customs Tariff Amendment Act (C-195), the Wildlife Act (C-131), Electoral Boundaries Readjustment Act (C-208), Immigration Laws and Procedures (C-212), Olympic (1976) Act (C-196), Aeronautics Act (C-128) The Capital Punishment Act which is in the Report Stage, will be dealt with next fall and the discussion of the issues will be governed by a time limit. ted in the characteristics of any of these or other bills, please do not hesitate to contact my office in Ottawa and we will be more than happy to give you the desired information.

We have received well over 700 questionnaires in the last several weeks and again I want to thank those people who took the time to answer them. Since we conducted the questionnaire to help both you and myself, it might be useful to give you some of the results that we have tabulated: 50.8% of the respondents favored a "90 day freeze on prices, wages, profits and dividends;" 13.8% favored a "90 day freeze on prices, profits and dividends;" 13.8% favored a "90 day freeze on prices only;" while 19.0% did not favor any controls at the present time. According to our tabulations, 7.8% of the people who generally answered the other questions on the questionnaire, did not answer this one.

You will probably not be surprised to know that 71.0% of the respondents were aware of the Lalonde Family Allowance Program which will, in effect, provide benefits which are taxable to all families of \$20 monthly per child. However, 25.0% of the respondents were not aware of the program and a further 4.0% gave no reply. About 44.0% of those people who answered believe that all Canadians should receive this assistance rather than only those who need it most. However, 49.2% of the respondents feel that benefits should go to those who really need it most. Again, 6.8% of the respondents gave no answer. Finally, 14.0% of the people who answered believed that the government should back programs

which, in effect, encourage larger families. A whopping majority of 78.4% are against any such programs. At least 7.6% of the respondents gave no answer to this particular question.

This is the last formal newsletter that will be published. I have found this mode of communication to be most effective. Not only do I try to offer the constituent information, but the articles have elicited responses from the readers which furthers this mutuality. The newsletter will, I hope, be continued again on October 15. Communication is a two-way street, and I firmly believe that this characteristic should all the more be stressed in the era of Watergate. Have a good summer!

Club 60 Roses Launched By Legal

By Lucienne Montpetit

A group of this community has formed a committee to organize recreation, arts and crafts for all our citizens age sixty and over.

After a great deal of negotiating, a two room school was purchased and moved to the new location by the Legal School District.

The Municipal District of Sturgeon donated the basement excavation.

The Village council gave financial backing for the foundation and the backfilling was donated by Mr. Dan Campbell.

A great deal of preparation work was done by members of the community who gave their time.

An application was made to the New Horizons program for funds for repair and equipment to furnish and finish this centre we now call Club 60 Roses.

Since we all grow old too soon, we feel this is a worthwhile project and would like to extend our thanks to all those taking part.

Dillman Newlyweds Make Home In Manning

By Liz McLeod

A pretty summer wedding was solemnized in Holy Spirit R.C. Church, Edmonton on June 29 at 4 p.m. when Miss Sheila Margaret Walker, Stanley and Kathleen's daughter from Calahoo pledged her vows to Mr. Douglas William Dillman, Mrs. Anna Marie Dillman's son from Manning, Alberta.

Arrangements of pink and white gladioli were placed on each side of the altar with ribbons on the pews and the Very Reverend Father Symth performed the ceremony with Sister Armand organist.

The bride, given in marriage by her father was radiant in her gown of white silk organza, white empire waist with pastel pink waist band, round neckline edged in lace, sheer three quarter length puffed sleeves with large cuffs and pastel pink pin pleats around the bottom of the gown. Her shoulder length veil was held in place with pink ribbon in the headpiece and three large orchids with mini pink roses and baby's breath formed her bouquet.

Rosalea Dechant, cousin of the groom and the bride's friend from Manning, Alberta and Wannita Mendil, a friend of both bride and groom, also from Manning were the bridesmaids.

The little flower girls were Sheila's sister, Shirley's two daughters Shauna and Shelley Nordstrom also from Manning.

The bridesmaids dresses were pink floral polyester voile over pink with a criss cross bodice and cape sleeves. Their bouquets were of orange roses, pink carnations, white daisies and baby's breath to compliment their gowns. The flower girls dresses were of the same material only in pinafore style and carried similar flowers in white baskets. All the girls wore silver lockets, a gift from the bride and groom.

The groom's brother Fred Dillman and a friend Gary Kelemen both from Manning were the best men and they looked handsome in their navy tuxedos and pink ruffled shirts.

The young ring bearers were the groom's nephews Pat and Bradley Dillman and they were equally dashing in their navy pants and vests with pink shirts.

Another brother, David Dillman and Sheila's brother Eddy Walker ushered in the guests and Eddy was also a very capable master of ceremonies at the reception held in the Saxony Motor Inn, in Edmonton.

DOUGLAS DILLMAN - SHEILA WALKER

For her daughter's wedding, Kathleen chose a blue sleeveless polyester crepe formal with matching short jacket and white accessories and corsage of pink carnations and baby's breath. For her son's wedding Mrs. Dillman received her guests in a cream colored silk crepe formal with gold accessories and pink carnations and baby's breath corsage.

The pale pink three tier round fruit cake in white trimming topped with a small vase holding four small white roses graced the head table and was a gift from the bride's grandmother, Mrs. Alice McNamara of Spruce Grove.

The toast to the bride was ably proposed by Mr. Martin Evanlew of St. Albert, a friend and former neighbor of the Walker family.

Everyone enjoyed the dance which provided an excellent opportunity for fam-

ily and friends to meet.

When the bride tossed her bouquet, a friend of hers, Jo-Anne Bachand caught it and the groom's nephew, Dennis Dillman caught the garter when it was tossed to the eligible bachelors.

Douglas and Sheila spent their honeymoon travelling as far as Spokane, Washington and are making their home in Manning, Alberta, except for the university year which they'll spend in Edmonton this year.

Out of town guests were from Dorchester, Ontario, Surry, Osoyoos, Victoria, Prince George, Vernon, Lumby and New Westminster, Dawson Creek, all in British Columbia; Grand Cache, Drumheller, Edson, Calgary, North Star and Manning in Alberta.

Report From Bon Accord

By Sadie Allen

The Bon Accord Play-school will hold a general registration meeting in the clubroom at 8 p.m. on Monday, August 27. All mothers of four and five year olds who are interested, please attend. Registration and first months dues will be payable at this meeting. A teacher for the four year old class is required. Anyone interested, please contact Marg Everitt, 298-2208 prior to the above meeting.

The Bon Accord Art Club is looking for new members for the 1973-74 term. For various reasons the former membership has been reduced to six and before arrangements to hire an instructor are completed a class of at least 10 should be organized. A course on composition has been chosen. This is a good place for new members "to jump in" as none of the present members have taken this course. Basically this is a painting course using various media and techniques. An information meeting will be held at the school on Thursday, Sept. 6, 1973 at 8 p.m. when all arrangements concerning the course will be finalized. Classes will start soon after. Anyone wishing to join the Bon Accord Art Club is asked to sign the membership list in the Village Superette or telephone one of the following: Maryjane Brown, 298-3737, Lillian Carleton, 298-3821; Jean Chubb, 298-2221; Roseann Lewis, 298-2202. People of all ages are welcome. Past members have ranged from students to senior citizens, male and female. People from neighboring communities are also welcome. We are looking forward to a most interesting series of lessons and extend an open invitation to all.

The dog problem is again rearing its head with complaints being received at the Village office about dogs that are allowed to run loose at night. Besides causing dogs that are tied up to bark during the night, they are causing extensive damage to lawns, gardens and trees. Residents are reminded that it is just as much an offense to allow a dog to run loose at night as it is during the day and it is therefore requested that residents make every effort to keep their dogs under control at all times.

Congratulations to Judy Abramski who has been chosen by the 4H selections held at Olds on July 31 to attend the Citizenship seminar to be held in Ottawa in October and to Patrick Ferby, chosen to attend the Western Seminar at Camp Raynor in Saskatchewan.

Members of the club also enjoyed a trail ride on the weekend of August 4. Co-leader Richard desmet led the ride. Arriving aboard the desmet tractor were Mrs. Sturrock, Mrs. Dorothy Rigney and Mr. Robertson from Namao for supper and the overnight camp-out. An especially big thank you to Richard for his many services in preparation for and during the weekend.

Congratulations to Nan's Better Meats Ltd. on the opening of a second store now operating in the Bon Accord Village Superette. With a full line of meats and a good selection of delicatessen items it is a real asset to residents of the village and district.

The Bon Accord 4H Light Horse Club held their achievement day at Namao on August 11 with 18 members participating. Judging was Miss Margaret Dobson from Edmonton. Ringmaster was Mr. Ray Rigney. First and second placeings (as listed) will be taking part in the Regionals on August 25 at Arco Stables Junction of Hwy. 37 and the Fort T'all. A special thank you for all her time to club leader, Sharon Davis.

A reminder to all you students and parents that school opens on Monday, August 27. This is registration day and children will be released as soon as it is completed. Tuesday is for teachers only. Rendezvous Club

Wednesday, August 1, 22 senior citizens went on a trip to visit Elk Island Park. It's another gem of a spot for holiday fun-seekers. Lots of room for picnicking. We travelled through beautiful country enjoying the scenery lovely neat farm homes, good crops and herds of cattle.

Our noon lunch was enjoyed undercover of a picnic camp. Over the bright crackling fire in the fireplace weiners were roasted for lunch.

A naturalist invited us to the theatre to see some slides on the history of the park. Deer, Elk and Buffalo roam through the park. The lake has many islands.

We visited the (Ukrainian) pioneer house with a thatched roof.

Some of the group played a dart game and others played cards under the trees. We all came back happy.

Our next outings is Thursday, August 16; a visit to Fort Edmonton. Senior citizens will bring their lunch, fill up the bus, and be off to enjoy their heritage.

Some very devoted (still pioneering in our new project) and active citizens have painted all the ceilings, washroom, and kitchen and hallway, finished the walls with panelling and are now working on the kitchen cupboards in our Clubhouse. It won't be too long till the regular Wednesday afternoon card parties will be going again, but in the meantime we are enjoying the Senior Citizens Caravan that is in Morinville.

MORINVILLE MEMOS

By Flo McGinnis

Mr. and Mrs. Jeet Kullar and family have just returned from a six week visit to India where they spent time in Bombay and toured extensively through the country. Young Renu Kullar will be writing up some short articles for the paper so that we may all enjoy and admire their travels of India.

Another person recently returned to Morinville is Miss Celine Beland, daughter of Mr. and Mrs. Sam Beland. Celine spent four weeks in England visiting her sister and brother-in-law Fernie and Paul Thompson of Leicester, England. While there, Celine travelled to London to do some shopping, and visited Wales as well. Spending some time at various coastal resorts, Celine went swimming in the Atlantic and really enjoyed it. Using her own words,

Celine "thoroughly enjoyed her holiday and loved England, but never-the-less was glad to get home," because she "loves Canada most."

Lucille and John Dodd (nee Beland) have recently moved from St. Albert to Ottawa. John is a member of the RCMP and was transferred from his Edmonton post to Ottawa, effective August 1st. Germaine and Sam Beland are already lonesome for their grandchildren Christopher and Danielle (Buffy), and hope to be able to travel down to see them.

Morinville Wins Again -- Craig's Manufacturers of Morinville win Alexander Beasell Tournament. Morinville won semi-finals against Westlock with a score of 5 - 2, with Bud Pylock winning pitcher. Rick Pugliese hitting a homerun with two on to win the game

for Morinville. The final game of the tournament, Morinville defeated the Edmonton Cardinals by a score of 8 - 6 with Randy Zutz being credited with the win. Larry Perrott came in to relieve Randy in the bottom of the ninth to strike out the final batter with the bases loaded and two men out. O'Neill Chevalier put Craig's Manufacturers in the lead in the top of the seventh with a three run homer over the left fence.

After 23 years, Mr. and Mrs. Albert VanBrabant took their 'first honeymoon' when they flew to Wisconsin for a week's holiday. They were accompanied by Mrs. Evelyn Lutz, and daughter Marie. While there, they visited relatives Joseph and Agnes Kaugh and family, and Sister Fides Adams (sisters of the late Sophia Lutz of Morinville). They reported having a 'fantastic' vacation all-round. In the coming year, Mr. and Mrs. VanBrabant and daughters intend to travel to Brussels, Belgium where they will visit some of Albert's relatives.

Just received a postcard from the Ringrose family addressed to: Morinville Legion Members and All The Wonderful People of Morinville. It reads: "A big thank you for the wonderful welcome home party (even though it took us two days to recover), having a good holiday, we'll see you all at the Gervais wedding. Signed Bob and Jean.

Gardeners Enjoy Busy Summer

The Gibbons' 4H Garden Club has been involved in a number of things over the past month. Mr. Wally Klat, district agriculturist came to the home of Mrs. G. Paradis on June 27 and demonstrated to the members of the community the proper way to prune trees. Next, on July 16, members went to the Exhibition to take care of the animals in the animal farm in the Sales Pavilion. Garden Tour was July 26 with everyone showing beautiful gardens. Diane Gordon attended Club Week at Vermillion the first week in July. Judi Demers went to Olds for Provincial Selections and won a trip to Montana next summer. Achievement Day date has not been set yet.

A tabloid will be published to publicize the fall courses and services offered by the Recreation Department, Agricultural Department and other departments. Watch for it. Recreation Department, MD of Sturgeon, Morinville, Telephone 424-0276 and 256-3321.

Yvonne Labonte Honoured At Bridal Shower

By Flo McGinnis

On July 31, 1973 Yvonne Labonte was honored at a bridal shower at the home of her sister Mrs. Rene Chevalier. Yvonne is the daughter of Mr. and Mrs. Lucien Labonte of Morinville. She will become the bride of Marcel Gervais formerly of Morinville, who is now in Unity, Saskatchewan. Some 55 friends, relatives and neighbors were gathered to present Yvonne with lovely gifts plus a food hamper. A hat was made out of bows, which the bride modelled.

Several games were played in which Mrs. E. Charest Mrs. R. Gaetz, Mrs. D. Semenchuk, Mrs. J. Morin, Mrs. G. Bostien, and Miss Judy Vansevanand were winners.

Seated at the honored table were Marcel's mother, Mrs. Andre Gervais, Yvonne, and Yvonne's mother, Mrs. Lucien Labonte.

Gracing the table was a lovely bouquet of flowers picked from Yvonne's mother's garden.

Lunch and happy visiting was enjoyed by all present and Yvonne graciously thanked everyone for the lovely gifts.

Hostesses for the shower were Anne Marie Labonte, Yvonne Marie Kleser, and Annette Gervais, her three bridesmaids for the wedding.

By Jean Smith

Senior citizens of the MD of Sturgeon are enjoying the unique opportunity of taking part in a pilot project sponsored by the Provincial Government, Department of Culture, Youth and Recreation, Arts and Crafts Division. A trailer has been equipped to offer arts and craft courses to senior citizens in rural areas. The MD of Sturgeon was fortunate in being chosen as one of the first communities that the caravan has visited and a good response from residents is essential to insure that this project is termed successful and will be continued in future years.

The caravan is situated in Morinville beside the Recreation Centre. The hours of operation are from 9 a.m. to 12 noon and 2 p.m. to 4:30

p.m. For those who wish to take their lunch a small lunch room has been provided in the caravan. Each course lasts for three days and one may take all of the courses offered or just those that interests them. Hours are also flexible for those who wish to take in only half days.

Already covered has been rug hooking, soft leather and painting. On August 15, 16 and 17 ceramics and block printing will be taught. The ceramics course will consist of the various methods of hand building and those who choose block printing will be doing stationary. On August 17, 20 and 21 weaving will be taught and on Aug. 21, 22 and 23 basketry. All materials are supplied free of charge. A closing exhibition will be held on August 24. Be sure and come out. Anyone who would like to attend the classes but has no transportation may telephone the Recreation office and transportation will be provided.

Bob Ringrose Home From Viet Mission

By Flo McGinnis
On Tuesday, July 31 at 4:05 p.m. the aircraft finally landed at C.F.B. Namao and Sgt. Bob Ringrose was reunited with his family and friends. Rolling out the red carpet for the boys was not just an expression this time. They really DID have a red carpet to walk down as the SeaLandair band stood to the attention and gave them a terrific welcoming performance. Wives and children rushed to greet their loved ones the second that the formal salutes were over.

YES Report from Gibbons

By Debbie Mitchell
In the last two weeks the Youth Employment Service has registered eight more students. We now have 31 registered students. Unfortunately we only have about four students over 15 years old therefore sometimes I have not been able to find students to fill jobs that require students 17 years or older. I regret the inconvenience.

In the last two weeks I have received 11 jobs. If you need student's help drop in or call me 8 a.m. - 12 noon at the Town Office in Gibbons.

while the rest of us cheer our hearts out and general confusion reigned while everyone wanted to get to see 'their friend.'

Of course families and formalities came first so we just stood behind the glass doors and pointed out to everyone else that we had come to welcome Bob! We could see Bob and family while they had their TV interview, Bob looking extremely happy though perhaps a little dazed at all the activity, Jean just laughing and hanging onto Bob's arm and the children? - Young Carolyn (18 yrs.) was still in the daze that she had been in while we waited for the aircraft, and the boys, David and Michael just staring up into Bob's face with big-dinner-plate eyes. It was one of the most moving sights that we have seen. For the family to be reunited again after all the worrying and wondering that they went through in those six months, just had to be a wonderful and happy time!

Finally Carolyn spotted us and spoke to Bob who gave us a big grin and a wave and started to come through the crowd of reporters and dignitaries. Good old Bob, he always could sneak his way out! About 20 hugs and kisses

and handshakes later, (before we even had time to say more than "Welcome Home", some official pointed out that Bob was to be back behind the glass doors and took him away again. So we just shouted "See you Friday" (he didn't know what Friday was, but we DID!).

Bob went into hospital early Wednesday morning (they did allow one night with the family) and went through the million or so tests that are routine. And we DID see him on Friday!

Some 80 persons gathered in the Morinville Legion Hall to give a real Morinville welcome home to our own Bob Ringrose.

The Legion Hall was decorated with several hundred red flowers forming the words WELCOME HOME BOB, and covering the front of the head table. Jean and Bob were met at the door by their long time friends Flo and Cliff McGinnis, who escorted them to the head table while Don Simpson of St. Albert piped them down the hall. Seated at the head table were Carolyn Ringrose, her escort Serge Tremblay, Flo and Cliff McGinnis, and Ruth and Bob Long, special friends.

Mrs. Maury Legge acted as mistress of ceremonies introducing Bob to some of the people who had not met him yet (due to his quick posting after moving to Morinville) and gave a short history of Bob and his family. Mayor Art Stapleton spoke words of welcome-back on behalf of the Town, and Paul Ellis spoke on behalf of all the Legion Members and Morinville friends.

During the evening Bob was presented with a huge Mug decorated with all the Provincial emblems, a real Canadian souvenir. Bob presented his wife with a special plaque stating how much he appreciated all the worries and woes that she had to go through while he was away

Sgt. D. R. (Bob) Ringrose of Morinville... second from right... filed past the official welcoming cadre made up of senior officers as the Breling 707 landed in Namao last week. The returning Canadian servicemen who landed at CFB Namao are based in Edmonton, Cold Lake, Calgary and Moose Jaw. The Canadian ICSS contingent landed here 15 hours and 45 minutes after take-off from Saigon.

It is a plaque that all the boys in Vietnam had made up for their wives for presentation upon their safe return. When Bob spoke his words of thanks to the assembled group he did not go into too much detail about his duties over in Vietnam, but he did indicate that he never realized how very much we have to be thankful for here in Canada when he saw some of the living conditions around him in Vietnam. On display were some pictures that Bob had taken over there and the guests all had many questions regarding living condi-

tions, houses, food etc. The evening of course was all too short, and Bob promised to show all his slides and other pictures to everyone when he returns from a short holiday with the family.

A cold buffet supper was served, and the various dishes that Legion members and Bob's friends had prepared were thoroughly enjoyed by everyone. Dancing till the wee hours of the morning and visiting with Bob and his family was the 'thing', and each and every person in attendance agreed that we DID give Bob a real

Morinville Welcome Home.

Mary Flannigan looked after the Guest Book which was signed by each person and presented to the Ringrose family on behalf of the Morinville Legion Branch #176. Spike Flannigan was the photographer, but had to use Bob's camera and Bob took it on vacation with him so we have no pictures of the presentations for this week's Gazette. The pictures will be published soon as Bob and family return home from their holidays.

EASY-TO-READ DATES ON SAFEWAY BRAND FOODS HELP ASSURE FRESHNESS FOR YOU

Perishable foods (such as meats, eggs, dairy and bakery foods) will not be sold at Safeway if they are on and off our shelves in a matter of hours. But we take no chances with freshness. Perishables which Safeway manufactures or processes carry dates to guide our home people. Here's how the date looks on a package of Safeway Brand foods:

When the numbers "1-15-79" appeared on a cheese wrapper, our employees know the package was not to be sold after January 15, 1979. Being positive no package remains on our shelves after the printed date assures you that Safeway foods you buy will remain fresh and good for many more days with proper home refrigeration.

THERE'S EXTRA ASSURANCE OF FRESHNESS WHEN YOU BUY THESE OPEN-DATED FOODS

Safeway's brand of perishable foods (such as meats, eggs, dairy and bakery) are sold on and off our shelves in a matter of hours. But we take no chances with freshness. Perishables which we manufacture or process carry dates to guide our home people. For example, on a bag of Safeway brand bread, the date is not printed on the bottom label. When the number "1-15-79" appears on this label, our employees know the loaf is not to be sold at Safeway after the 15th day of the current month. This assures that you are buying bread which will be kept on the shelf for several days "in its prime." (It expires dated "15" we print on the 15th day of "better bread" as a reminder only.)

On food labels, the date is printed on a label which is placed on the bottom of the package.

DON'T MISS OUT ON THAT SPECIAL YOU WANT

Goodness knows we try never to run out of a special! But we're human and sometimes underestimate demand. If ever we are out of a special, please ask or a rain check (overhead certificate) at our checkstand. It lets you buy at the sale price as soon as new supplies arrive!

Journault - Callihoo Nuptials Held July 7

By Liz McLeod

On a beautiful summer's day, July 7 at 3 p.m. Miss Linda Rose Marie, daughter of Mr. and Mrs. Ernest Callihoo of Villeneuve pledged her vows to Mr. Emile Journault of Edmonton, son of Mr. and Mrs. J. Charles Journault of St. Paul, Alta. Immaculate Heart R.C. Church, Edmonton was appropriately decorated with arrangements of mixed flowers and ribbons on the pews.

Performing the ceremony was Father McDonnell with the wedding music played by Mrs. Jansen.

Given in marriage by her father, the bride was radiant in her long white gown with lace bodice and long train, carrying a large bouquet of red roses.

Linda's bridesmaids, Marlene Essau and Barbara Bull wore long yellow gowns with white collars, complimented by white hats with mauve ribbon and bouquets of mauve daisies.

The bride's sisters Maureen and Kolly wore identical yellow gowns with mauve ribbons in their hair and they too carried mauve daisy bouquets.

The groom's brother Victor from St. Leon, Manitoba was best man along with a friend from Edmonton, How-

ard Bealer. Darrell Callihoo from Villeneuve and Maurice Journault of St. Paul, brothers to the bride and groom, ushered in the guests.

Mr. Alvin Logozar from Pibroch, Alberta, was their congenial master of ceremonies at the reception held in Villeneuve Hall, where Calahoo WI catered to the supper.

Mr. Eugene Dionne (bride's uncle from Edmonton) proposed the toast to the bride.

The wedding cake was a beautiful round five tiered masterpiece decorated in white mauve and yellow tones gracing the head table.

To receive her guests the bride's mother chose a long pink gown enhanced by a corsage of pink and white carnations. Likewise the groom's mother's gown was of mixed pink colors with pink and white carnations encoragse.

Good music and a happy crowd enjoyed the evening of dancing and fun and when it came time for Linda to toss her bouquet her bridesmaid Marlene Essau was the happy recipient. Then the bride's brother Wayne Callihoo caught the garter.

For their honeymoon trip to the Calgary Stampede - Banff and Jasper, the bride donned a navy blue dress

with white collar and cuffs, white shoes and accessories and corsage of yellow roses.

This happy couple are making their home in Edmonton.

Out of town guests were Mr. and Mrs. Albert Dionne (grandparents of bride) Vancouver, B.C., Mr. and Mrs. Phil Dionne (bride's uncle and aunt) New Westminster, B.C., Mr. and Mrs. Bryan Bertrand (bride's uncle and aunt) Port Coquitlam, B.C., Mr. and Mrs. Clarence Johnson (groom's sister) Karrobert, Sask., groom's brother Victor from St. Leon Manitoba and groom's parents and numerous relatives from St. Paul, Alberta.

The new 25-cent piece being minted to commemorate the 100th anniversary of the Royal Canadian Mounted Police. The new quarter depicts a mounted rider of the RCMP. This quarter is being minted as a commercial coin and replaces the present caribou design on the quarter.

A silver dollar with the same RCMP design is also being minted but will be sold by the Canada mint as a collector's item only and will not be circulated as a commercial coin.
